## SUMMARY

An enthusiastic and adaptable professional with a robust academic foundation, I have recently earned my Bachelor of Science degree in Software Engineering from Wollo University, achieving a commendable GPA of 3.39. Proficient in both front-end and back-end development technologies, with a strong problem-solving aptitude and collaborative mindset. Adaptable to new technologies and I bring excellent communication and interpersonal skills to the table, coupled with a proven ability to deliver high-quality results under pressure.
